To Whom It May Concern

ALISTAIR MILES

I have known Alistair for the last few years, but in the last 12 months have got to know him very well.

I was referred to Alistair in October 07, as I required a Project Manager to undertake the opening of the Lone Star Cafe and Bar in Petone.

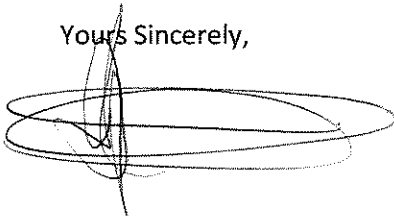

Alistair had been involved in opening other Lone Star franchises and came to me with glowing references.

Immediately I was impressed with his qualities, which I believe are...good communication, efficient, reliable, honest, punctual, hard working, knowledge and integrity.

Our project was completed in less than twelve weeks, which was tremendous team work by all involved, with Alistair in charge.

I would use Alistair again in the future and would have no hesitation in recommending others to use him, and I now regard Alistair as a personal friend.

Yours Sincerely,

Joe Whelan
Director
Born to Run Limited.
