**Your new role involves:**

- Working independently and running your own jobs
- Forming relationships and working collaboratively with the Miles Construction teams
- Establishing and maintaining effective working relationships with our clients
- Preparation and processing of tenders, contracts
- Working harmoniously with other members of the team to achieve expected outcomes on each project
- Providing accurate and timely reporting
- Ensuring all health and safety, and ensuring construction standards and schedules are in accordance with Miles Construction quality management principles.

**About you – you will have:**

- Experience in full end to end commercial QS roles
- A tertiary qualification either Diploma or Degree level in Quantity Surveying
- A working knowledge of NZ Building Codes NZ 3910 / NZ 3915
- Sound construction knowledge with a proven track record of 8 plus years as a QS
- Experience in estimating, tendering, negotiating and with key subcontractors
- Intermediate level skills in Microsoft Suite
- Excellent communication and interpersonal skills
- Outstanding organisation and planning skills
- Up to date knowledge of market trends, industry influences and best practice
- The ability to continually raise the bar, thinking and acting with future goals foremost.

**We can offer:**

- The opportunity to be part of a very progressive and successful organisation
- A career path with opportunities for professional development
- A great team environment, working on exciting and diverse projects
- Support and leadership from the wider team
- A competitive salary

This is an excellent opportunity for a passionate and ambitious construction professional to join the Miles team. If this sounds just what you have been looking for and are prepared to do whatever it takes to succeed and be up for the challenge, then we invite you to apply online.
