

## **Environmental Policy**

(this policy applies to Miles Construction Holdings Ltd and its wholly owned subsidiaries)

Our goal is to reduce our impact on the environment.

### **We are committed to:**

Protecting the environment, including the prevention of pollution.

Meeting regulatory requirements.

Minimising the impact of our activities on the environment and the communities throughout the project lifecycle.

Making use of our environmental management systems.

Setting measurable objectives and targets to ensure continual improvement.

Promoting a positive environmental sustainability culture within the business and to all stakeholders, including our suppliers and subcontractors.

Continuously training our employees to ensure they have appropriate knowledge on how to reduce, reuse and recycle.

Promoting environmental sustainability within our recruitment processes to attract employees with a sustainability focus.

Being energy and resource efficient to reduce our carbon footprint.

### **Scope:**

This policy applies to all employees, suppliers and contractors who are engaged to work for Miles Construction Holdings Ltd and any of its wholly owned subsidiaries.

### **Purpose:**

To set out our commitment to reducing our impact on the environment.

### **Mission:**

At Miles Construction we are dedicated to seek continual improvement throughout the project lifecycle to lessen our impact on the environment by conserving energy, water, and other natural resources, reducing waste generation, recycling, and reducing our use of toxic materials.
